1. No road blocks military or other unusual activity of any kind was observed in the Nikopol-Somovit area. Both Nikopol and Somovit are under control of frontier guards rather than of the militia.
2. There are large storage tanks, (one of which is estimated to have a 10,000 gallon capacity), approximately five hundred yards below the town of Somovit and some fifty feet back from the river.
3. The road between Mechka and Muselievo, particularly in the vicinity of Debovo, is being made into a first class road. The road from Somovit to Podem and beyond to the Pleven highway is in a very bad condition although at certain points, particularly in several villages, work is underway to improve the road.
